Heaven on Earth

1. Russia of 2070

Many countries have changed in the past 50 years - nowadays, it is not surprising to see the prosperous nature and all-consuming technology integrated into human lives. There is no need to strain yourself doing mundane things, since now all you have to do is snap your fingers and every routine will be solved by itself. Such advancements make people's lives easier, and can be observed in most of the Russian cities and towns. However, if you are looking for a "blast from the past" in search of nostalgic memories, there is no better place ~~that~~ than Gorno-Altai!

2. No disadvantages

Getting here is quite challenging - whereas the airlines consumed the globe, they somehow managed to miss this small piece of land. Only several planes a day can reach this preserved Oasis in the land of softwares and computers, but the trouble is totally worth it. The picturesque views are a sight to behold, and living accommodations ~~have~~ ^{were improved} to the point of simple everyday bliss! The vehicles the townsfolk uses are fairly simple and match their 50-year earlier counterparts: buses, cars and bikes, all upgraded to preserve the nature. The food is always fresh and delicious, which you can consume in cozy cafes and restaurants, where people come to read or study in peace. The education provided is flawless, resulting in high employment rate.

3. Great decision

Book your tickets now and you will not regret it! As the saying goes: "East or West, home is best", and no other place makes you ~~felt~~ feel at home as Gorno-Altai.
